

"M.V. TORCA"

'M.V. TORCA' was built in 2002 as a tender to M.V. ORCA. She has been placed in independent survey to enable her to work further afield or separately from the mother ship. She is easily managed making her an ideal vessel to cover short distances quickly and manoeuvre into small or shallow areas

SPECIFICATIONS

- TORCA is a 5 metre aluminum rigid hull inflatable Naiaid
- Powered by 60 hp outboard motor with prop guard
- All regulatory safety equipment
- Independent Marine board survey 2D - 6 + 1
- Trailerable and beach launchable
